

312 TILE & GROUT RESTROOM CLEANER

The Tile & Grout Restroom Cleaner is the result of a unique blend of surfactants and water conditioners. The No. 312 creates a high foam, which clings to the surface to maximize the removal of mold, mildew, soap scum and hard water deposits from tile, painted surfaces and fixtures with minimum effort. The No. 312 rinses easily from surfaces leaving a clean and sparkling finish.

The Tile & Grout Restroom Cleaner can be applied manually or in conjunction with cleaning equipment, such as foamers, sprayers, scrubbers, drier machines, etc. The Restroom Cleaner is safer to use on concrete, vinyl floor coverings, terrazzo, quarry tile, plastic, ceramics, rubber, glass, enamel, formica, stainless steel, painted, varnished and other surfaces.

- Non-flammable
- Safe in septic systems
- Readily biodegradable
- Low aquatic toxicity
- No ozone depleting substances
- Phosphate free
- No harmful chemical runoff
- Low V.O.C. content
- Non toxic

APPEARANCE: Green liquid
pH (as concentrate): typically 2 - 3
Specific Gravity: typically 1.05 - 1.06

DOES NOT CONTAIN:

- Abrasives • Caustic alkalis • Agressive biocides • Harmful chemicals • Chlorinated solvents

APPLICATION METHODS:

Test the product on an inconspicuous area prior to use. The Restroom Cleaner's high cleaning performance stems from a proprietary blend of environmentally preferable surfactants, solvents and water conditioners. All components have been selected for high performance and low hazard to

GENERAL RESTROOM CLEANING: Apply to surface with cloth, sponge, foamer, sprayer or mop and bucket. If required, scrub with brush or hand pad. For heavy soiling, let product soak for better penetration. Rinse and leave to dry
